

## AGENDA IN DETAIL

(status: 17-11-2025)

### Uniting Key Initiatives Driving One Stop Shops for Energy Communities

When?	What?	Speaker
09:00 – 09:15h	<b>Welcome &amp; Opening Remarks</b>	<b>Ludwig Karg</b> , <a href="#">B.A.U.M. Consult</a> <i>B.A.U.M. Consult is a thought and market leader in the field of environmental, energy and sustainability consulting.</i>
09:15 – 09:45h	<b>Keynote: Policy &amp; Strategic Vision</b> "Empowering Energy Communities: The Role of One Stop Shops in the Energy Transition"	<b>Pouyan Maleki</b> , <a href="#">Ecorys</a> representing <a href="#">European Energy Communities Facility</a> <i>The European Energy Communities Facility supports and empowers citizen-led energy communities across Europe by providing grants, tailored training, and expert mentoring</i>
09:45 – 10:30h	<b>Block 1 – One Stop Shops in action</b> Best-Practices Presentation with Q&A	<b>Juliette Rasse</b> , <a href="#">Association Centrales Villageoises</a> , ECOEMPOWER project <i>Association Centrales Villageoises (ACV) was created to support local companies that deal with citizen led energy communities. Their model emphasises four principles: (i) a territorial approach, (ii) shared citizen governance, (iii) local economic benefit, and (iv) quality of approach.</i>

		<p><b>Marcel Camps</b>, <a href="#">Metropolitan Area of Barcelona</a>, COMANAGE project</p> <p><i>In the framework of project COMANAGE, Àrea Metropolitana de Barcelona (AMB) collaborates with other European metropolitan aereas. AMB tests tools for local authorities and citizens, e.g. a multilingual e-learning system fort he estab-lishment of energy communities.</i></p> <p><b>Cveta Dimitrova</b>, <a href="#">Institute for Entrepreneurship, Sustainable Development and Innovation</a>, DISCOVER project</p> <p><i>The Institute for Entrepreneurship, Sustainable Development and Innovation (IESDI) is a non-profit organisation, based in Sofia. Ias an OSS in the framework of DISCOVER they created a tool "CEP Real Life Modelling (CEP-RLM)", designed to facilitate solar energy communities in smaller Bulgarian municipalities.</i></p> <p><b>Antonia Proka</b>, <a href="#">REScoop</a>, SHINE project</p> <p><i>REScoop (REScoop.eu) is the European federation of citizen-led renewable energy cooperatives, advocating for energy democracy. It supports and networks local energy co-ops, provides tools and training, and represents their interests to EU policymakers.</i></p>
10:30 – 10:45h	<p><b>Coffee Break</b></p> <p>With Optional Breakouts for Networking</p>	

<p>10:45 – 12:00h</p>	<p><b>Block 2: Collaboration &amp; Future Pathways</b> <b>“How Can We Unite Efforts Across One Stop Shops?”</b></p> <p>Interactive Panel Discussion</p>	<p><b>Ludwig Karg</b>, <a href="#">B.A.U.M. Consult</a></p> <p>Panellist:</p> <ul style="list-style-type: none"> <li>• <b>Antonia Proka</b>, <a href="#">REScoop</a>, SHINE project <i>REScoop (REScoop.eu) is the European federation of citizen-led renewable energy cooperatives, advocating for energy democracy. It supports and networks local energy co-ops, provides tools and training, and represents their interests to EU policymakers.</i></li> <li>• <b>Patryk Białas</b>, <a href="#">Centrum Innowacji i Kompetencji</a> <i>Centrum Innowacji i Kompetencji (CIK) offers research &amp; development services, technology transfer, and support for energy-efficient and renewable energy technologies. It helps energy communities to get grants, develop business models, and follow the regulatory frameworks.</i></li> <li>• <b>Francesca Battistelli</b>, <a href="#">Consiglio Nazionale delle Ricerche</a>, ISLET project <i>The Consiglio Nazionale delle Ricerche (CNR) is Italy's largest national public research institution, carrying out multidisciplinary scientific research across more than 80 institutes. The ISLET project aims to support the creation of Renewable Energy Communities (RECs) on small Mediterranean islands by improving cooperation between citizens, local authorities, and investors.</i></li> <li>• <b>Benoit Badin</b>, Step 73 <i>Benoit has been active in international energy system assignments and in parallel has built various citizen-led communities in his home region, including a support</i></li> </ul>
-----------------------	---	---

		<p>organisation Step 73. He is experienced in creating and exploiting transnational knowledge.</p> <ul style="list-style-type: none"> <li>• <b>Johanna Vordemfelde</b>, <a href="#">eza!</a>  <i>Founded 25 years ago by local authorities and energy suppliers, eza supports towns, municipalities and companies in the Allgäu region in matters relating to energy efficiency and sustainable energy supply. eza shares its experience with international partners in projects like EcoEmpower.</i></li> </ul>
12:00 – 12:25h	<b>Block 3: Empowered by the ECOEMPOWER project</b>  Tools and Insights from our Project	<b>Johanna Vordemfelde</b> , <a href="#">eza!</a>  <b>Carlos Ayon Mac Gregor</b> , <a href="#">B.A.U.M. Consult</a>
12:25 – 12:30h	<b>Closing Remarks</b>	<b>Ludwig Karg</b> , <a href="#">B.A.U.M. Consult</a>
